3. DESCRIPTION

The 7th Witold Rychter Polish Historic Car Grand Prix (GPPZ) is over 1000 km long, consists of Regularity Tests (RT) and Special Stages (SS) taking place on closed circuits. The Competition is divided into 4 sections between 100 and 500 km long. The breakdown of the route is described in the Road Book, which contains all information necessary to complete the route correctly.

4. CREW AND VEHICLES

a. Only cars built no later than 31.12.1992 are accepted.

b. Cars are split into two groups: Touring and Sports. The Organiser may accept cars, built no later than 31.12.1996 (only rally car and race car version).

The Touring Group includes cars without any additional measurement devices. Device measuring the distance travelled (odometer) is allowed. Any number of stopwatches/chronometers either mechanical or electronic are also allowed, as well as paper versions of average speed tables.

The Sports Group includes cars containing any mechanical/electronic measurement devices.

- c. The crew consists of 2 people: a driver and a co-driver. The driver must have a valid driving licence. Minors should be under supervision of their legal guardian.

5. REGISTRATION

- a. The crews should register not later than on 31st August 2023 by emailing the Entry Form, which is available at www.gpppz.pl. Late registrations will not be considered. It is recommended to attach scans of driver's Driving Licence, valid car Registration Certificate and Car Insurance Certificate.
- b. The crew, when registering, must pay the registration fee by making a money transfer to the bank account published by the Organiser. By submitting the application form the crew makes a rally participation agreement with the Organiser.

6. ENTRY FEES

- a. Fees for a 2-person crew:
 - For dates before and including 31.08.2023 the fee is 870 EUR. It covers participation in the Rally, accommodation and food in hotels (between 19th and 22nd October 2023).
 - For dates before and including 7.09.2023 the fee is 1100 EUR. It covers participation in the Rally, accommodation and food in hotels (between 19th and 22nd October 2023).
 - If payment is made no later than 24th August 2023 the crew gets a 65 EUR discount and pays the registration fee of 805 EUR.Payments should be made to the Organiser's account: NEST BANK S.A.
PL 55253000082016103645170001. Reference: GPPZ 2023, name and surname of the driver.
- b. For each additional person the fee is 435 EUR, which covers participation in the Rally, accommodation and food in hotels (between 19th and 22nd October 2023)
- c. The fee will be refunded in full if the application is rejected or the whole Rally is cancelled.

7. RUNNING OF THE COMPETITION

- a. The Organiser will provide each crew with a set of vehicle stickers, including rally plates (2 sheets), competition numbers (2 sheets) and an armband for each registered member of the crew. The rally plate must be attached to the bonnet of the car and the competition numbers to the doors. Those stickers must remain on the car for the whole duration of the Rally.
- b. Obligatory adverts must be placed on the car according to the instruction handed out during the Administrative Checks.
- c. Each crew will receive a Time Card which is going to be a confirmation of completing the route of the Rally. Making any corrections to the Time Card by the crew may cause disqualification.
- d. Each crew must follow traffic rules, local rules and medical rules of the sites where the Special Stages are organised, and finally marshallers' orders. The chairman of the Rally reserves the right to disqualify participants breaking those rules and posing danger to other participants or third parties.
- e. Repairs and refuelling are permitted in places not conflicting with the road traffic.
- f. Administrative Checks and Scrutineering:
 - Each crew participating in the Rally must register and collect rally documents from the Office and undergo Administrative Checks and Scrutineering according to the detailed schedule announced by 01.10.2023.
 - Scrutineering takes place before the start of the Rally and its purpose is to confirm the make and model of the car. Additional equipment will be checked: fire extinguisher (1kg

minimum, 2kg powder extinguisher recommended), warning triangle, first aid kit, high visibility jacket for each participant, helmets.

Each crew will receive a GPS device (GPS logger) and will have to install it in the car on their own, connect to a 12V power source – it must be connected directly to the 12V battery posts. After the Rally the crew must disconnect the GPS device and give it back to a technical officer.

- g. Start:
 - The start for each leg has a 1 minute separation between the crews.
 - The crews must have their passage checked at all posts mentioned on their Time Cards in the correct order.
- h. Control posts:
 - All control posts (Passage Controls and Time Controls), start and finish of the Special Stage (SS) are indicated by means of the FIA approved standardised signs.
 - Failure to enter a Passage Control or Time Control post will result in penalty points according to the penalty table. The control posts are manned and ready 15 minutes before the target passage time of the first crew.
 - Crews are obliged to follow the instructions of the marshallers at the control posts. All marshallers wear yellow jackets issued by the Organiser.
 - Passage Control posts (PC): marshallers stamp and/or sign the Time Card without mentioning the passage time. Self Service Passage Control posts may be established on the route, the crews confirm the passage of such posts on their own.
 - Time Control posts (TC): marshallers write the time at which the Time Card is handed in. The check-in time is the time obtained by adding the time allowed to complete the road section to the time of leaving the time control of the previous section. Any difference between the actual and target check-in time is penalised according to the penalty table. The maximum permitted delay with regards to target time between two Time Controls is 15 minutes.
 - Highway Code control posts (HC): unmarked posts checking whether Highway Code regulations are observed. Each violation is penalised according to the penalty table.
- i. Regularity Test sections
 - Regularity Test (RT) sections are organised on public roads open for traffic.
 - The start of each crew is on a whole minute. Start is performed in a similar manner to the Special Stage start. Regularity Tests have flying finish.
 - RT sections must be driven with an average speed specified by the Organiser.
 - The Organiser may introduce changes to the average speed at any point of an RT section. Such points should be marked in the Road Book as "speed change". The new speed introduced between the "speed change" points will be given in the Road Book.
- j. Special Stages:
 - Special Stages (SS) are organised on roads/circuits/driving schools closed for traffic.
 - If possible, the crews drive the Special Stages in the order of the competition numbers.
 - The crew starts driving when given a signal by a marshaller or a starting device. Special Stages have either flying or stop finish, that will be published on a particular Special Stage map in the Road Book.
 - Only two members of the crew are allowed for Special Stages – the driver and the co-driver. The crew must have their helmets properly attached and their seatbelts fastened.
 - Timing accuracy for Special Stages is 0.01 second.

8. POINTS (PENALTY TABLE)
